

Miami County Veterinary Clinic  
Dr. Lea Pugh, DVM  
765-473-5592

**Surgery to do list:**

1. The night before surgery, no food after 8pm, water is fine.
2. The day of surgery- drop off times are between 7:30 & 8:00am. Allow at least 15 minutes for a pre-surgical check in. We ask that the actual owner of the animal bring him or her in for the surgery check in. If this is a problem, please contact the office.
3. Please give ALL medications at the regular scheduled times. Give both evening & morning medications as prescribed. If needed you can give medications with a small amount of food, NOT a full meal. Also bring ALL medications with you on the day of surgery.
4. Pick up times are after 10am the day of discharge.
5. The day of pick up- a discharge sheet will be sent home with you, along with any prescribed medications. If you have any questions please feel free to ask.
6. All pets must be current on vaccinations to stay in the hospital.
7. All pets must also have had a heartworm test or feline leukemia test, along with a pre-surgical blood panel before undergoing any surgery.
